SEC. 3. The general partners only shall be authorized to transact business, to sign for the partnership, and to bind the same.

SEC. 4. The persons desirous of forming such partnership, shall make and severally sign a certificate, which shall contain:

First. The name or firm under which the partnership is to be conducted.

Second. The general nature of the business to be transacted.

Third. The names of the general and special partners therein, distinguishing which are general and which are special partners, and their respective places of residence.

Fourth. The amount of capital stock which each special partner shall have contributed to the common stock; and

Fifth. The period at which the partnership is to commence, and the period when it will terminate.

SEC. 5. Such certificate shall be acknowledged by the several persons signing the same, before some officer authorized by law to take the acknowledgment of deeds; and such acknowledgement shall be made and certified in the manner provided by law for the acknowledgment of deeds for the conveyance of land.

The certificate so acknowledged and certified, shall be filed in the office of the clerk of the county in which the principal place of business shall be situated, and shall be recorded at large by the clerk in a book to be kept by him; and such book shall be subject, at all reasonable hours, to the inspection of all persons who may choose to inspect the same. If the partnership shall have places of business situated in different counties, a transcript of such certificate, and of the acknowledgment thereof, duly certified by the clerk in whose office it shall have been filed under his official seal, shall be filed and recorded, in like manner, in the office of the clerk of every such county; and the books containing such records shall be subject to inspection, in the manner above directed.

SEC. 7. At the time of filing the original certificate, as before directed, an affidavit of one or more of the general partners shall also be filed in the same office, stating that the amount in money, or other property at cash value, specified in the certificate to have been contributed by each of the special partners to the common stock, has been, actually and in good faith, contributed and applied to the same. Restrictions upon partners.

SEC. 14. That it shall not be lawful for any such partnership, nor any members thereof, in contemplation of bankruptcy or insolvency, and with the intention and for the purpose of paying or se-

AN ACT to authorize the refunding of the State debt.

In force,
Feb'y 28, 1847.

WHEREAS, the State of Illinois has, at various times, issued a large number of internal improvement bonds of different classes, yet bearing the same numbers, and having interest coupons attached thereto, similar in number and description, thereby causing great confusion, opening a wider door for fraud, and rendering it extremely difficult to pay the interest to those justly entitled thereto; and whereas, also, from the want of a full and perfect record of the classes, numbers and description of the bonds so issued, it is impossible at the present time to determine the precise amount of the indebtedness of the State, its character, and when payable; and whereas, it is of the highest importance that the actual amount and character of the present State debt should be actually ascertained at the earliest possible period, preparatory to a more united and vigorous exertion for its payment, and to enable the convention for altering the constitution, about to assemble, to make some adequate constitutional provision for the payment of the principal when due, the accruing interest, and interest in arrear; therefore,

SECTION 1. *Be it enacted by the People of the State of Illinois, represented in the General Assembly,* That the Governor be authorized and directed to receive from the holders willing to surrender the same, the internal improvement bonds, scrip, and all other evidences of State indebtedness heretofore issued, and now outstanding against the State, (not including the Macalister and Stebbins bonds, nor any canal bonds, scrip, or other indebtedness incurred in behalf of the Illinois and Michigan canal,) and shall thereupon, in exchange for, and in lieu of, such bonds, scrip, or other evidences of indebtedness so surrendered, issue to said holders, other certificates of indebtedness, equal in amount with the amount surrendered; which said new certificates shall, from the date thereof, bear like interest, and be made payable at the same time, with the evidences of indebtedness so surrendered, and shall be denominated "new internal improvement stock of the State of Illinois." No certificate shall be issued of a less denomination than one thousand dollars, except interest certificates, as hereinafter mentioned: *Provided*, that all bonds, scrip, &c., which shall not be surrendered up, in conformity with the provisions of this act, within eighteen months after notice given of a readiness, on the part of the State, to exchange as aforesaid, shall,

APPROVED, February 28, 1847.

AN ACT supplemental to an act entitled "An act to authorize a settlement with Macalister and Stebbins, and further to diminish the State debt," approved March 4, 1843. In force, March 1, 1847.

WHEREAS, Macalister and Stebbins, of New York, did, upon the Preamble.
17th of June, 1841, receive of John D. Whiteside, then fund commissioner of Illinois, eight hundred and four interest bonds of one thousand dollars each, bearing interest at the rate of six per cent. per annum, and dated May 1st, 1841, reimbursable any time after the year 1865, upon which the said Macalister and Stebbins, about the 25th of June, 1841, advanced two hundred and sixty-one thousand five hundred and sixty dollars and eighty-three cents, they agreeing to advance enough more to make the sum of three hundred and twenty-one thousand dollars, being forty cents on the dollar upon the whole eight hundred and four bonds, which last named advancement never was made; and whereas, the said John D. Whiteside, near the said 25th of June, delivered to the said Macalister and Stebbins thirty internal improvement bonds of one thousand dollars each, upon which they agreed to make a further advance to the State, in case it should be necessary to pay the July interest, but such advance never was made. A short time after this, and previous to the 1st of July, 1841, the said John D. Whiteside gave to the said Macalister and Stebbins an order on Nevins, Townsend & Co., of New York, for forty-one bonds of one thousand dollars each, which they were to pay over to the said John D. Whiteside when they should obtain the same. The said Macalister and Stebbins did obtain these bonds but never paid them over to the State or her agent. About the 27th day of October, 1841, the said Macalister and Stebbins received of Michael Kennedy thirty-eight thousand two hundred and fifteen dollars and forty-four cents, which were placed to the credit of the State by them, as well as the thirty bonds which they received of the said John D. Whiteside, and, also, the forty-one bonds received from Nevins, Townsend & Co., the three last mentioned sums making one hundred and nine thousand two hundred and fifteen dollars and forty-four cents, over and above the eight hundred and four interest bonds first received by them, making in all the sum of nine hundred and thirteen thousand two hundred and fifteen dollars and forty-four cents, which the said Macalister and Stebbins acknowledged in their account rendered the State, at the session of the General Assembly of 1842 '3, (see reports, page 197,) was held in security for the two hundred and sixty-one thousand five hundred

and sixty dollars and eighty-three cents, actually advanced as aforesaid, that sum being but twenty-eight cents and sixty-four hundredths of a cent upon the dollar, of bonds^{also} so as aforesaid received by them; therefore,

SECTION 1. *Be it enacted by the People of the State of Illinois,* *represented in the General Assembly,* That upon the surrender to the Governor, by the said Macalister and Stebbins, of the balance of the said eight hundred and four interest bonds, with their coupons, hypothecated with them on the 17th day of June, one thousand eight hundred and forty-one, and now outstanding against the State, and also other internal improvement bonds and scrip subsequently obtained, and amounting, at the time they obtained them, to the sum of one hundred and nine thousand two hundred and fifteen dollars and forty-four cents, over and above the eight hundred and four interest bonds first received by them, as aforesaid, with the coupons upon said bonds, and the interest upon said scrip, from the date they were received by them, it shall then be the duty of the Governor to issue bonds of not less than one thousand dollars each, and payable after the year one thousand eight hundred and sixty-five, bearing interest at the rate of six per cent., and payable semi-annually in the city of New York, *pro rata* out of the interest fund; balance of interest to be paid out of the State treasury. The amount of bonds to be issued by the Governor as aforesaid to be equal to the balance remaining due the said Macalister and Stebbins, principal and interest, at the rate of seven per cent. per annum, as per contract, upon their advance of two hundred and sixty-one thousand five hundred and sixty dollars and eighty-three cents, from the date of said advance up to the time of settlement, under the provisions of this act; and should the said Macalister and Stebbins not surrender to the Governor all of the said eight hundred and four interest bonds, the amount they shall fail to surrender, and being the same heretofore taken up by the State, shall be credited the State and deducted from the amount found due them from the time they shall have been taken up by the State, at the rate of twenty-six cents on the dollar: *Provided*, that no bonds shall be issued by the Governor as aforesaid except upon a surrender to the State of the whole amount of the outstanding interest bonds and other bonds and scrip as hereinbefore stated, and that such surrender be made on or before the fourth day of July next, otherwise this act to be void and of none effect, as also the one to which this is a supplement.

SEC. 2. The bonds authorized to be issued by this act shall bear upon their face the words "Liquidation bonds," and be signed by the Governor, countersigned by the State treasurer, and have the great seal of State affixed thereto, and there shall be preserved in the offices of the secretary of State and treasurer a description of the amounts, dates, and time of issuing said bonds, and the bonds and scrip so taken up under this act shall be cancelled by the Governor, and a list of their dates, numbers, amounts, and by whom signed, recorded in the office of secretary of State.

SEC. 3. So much of the act to which this is a supplement as is inconsistent with this act be, and the same is hereby, repealed. No liability on the part of this State to pay the above enumerated bonds is acknowledged, further than as conceded and expressed in

Bonds to be surrendered to Governor, who shall issue new bonds.

WHEREAS, the county commissioners' courts of many of the counties in this State, acting under the provisions of the road law, have assessed a road tax upon the taxable property within their respective counties, without excluding from the operation of said tax property situated in, and owned by inhabitants of, incorporated towns; and whereas, most of the acts incorporating the inhabitants of towns require such inhabitants to keep all the public roads passing from and through their said towns in repair, for the distance of one mile from the centre thereof, and in consequence thereof said towns are not included in any county road district, but the inhabitants thereof pay for keeping the roads in repair, under the operation of the by-laws of the corporation, and it being manifestly unjust to require the inhabitants of towns so situated to pay double taxes for road purposes; therefore,

SECTION 1. *Be it enacted by the People of the State of Illinois, represented in the General Assembly*, That in all cases where county commissioners courts have assessed a road tax operating upon property situated in incorporated towns, the inhabitants of which are required to keep the roads passing through and from their said towns in repair, said tax shall be, and the same is hereby, released.

PREAMBLE AND RESOLUTION upon the subject of claims growing out of the "Illinois campaign," under general George Rogers Clark in 1778—9.

WHEREAS, during the expedition under gen. George Rogers Clark, in the years seventeen hundred and seventy-eight and seventeen hundred and seventy-nine, known as the "Illinois campaign," the forces under him suffered so great privations, and encountered such difficulties, as promised to render abortive the purposes thereof; and whereas, nothing but the aid and advances of certain individuals then resident in the territory, among whom none acted more patriotically and generously than Francis Vigo and the ancient inhabitants of Kaskaskia, rescued the troops from disaster and probable destruction, and secured to the State of Virginia a successful consummation of the purposes of the campaign; and whereas, Virginia has heretofore "audited and allowed" the claims preferred against her on account of the aforesaid advances, the payment of which has devolved upon the United

States, by virtue of the cession of the country then rescued from the armed occupation of the English and Indians combined; and whereas, the United States, notwithstanding their legal and equitable obligation to liquidate the said claims, having, at repeated investigations through committees in Congress, acknowledged the validity thereof, have neglected to discharge the same, although there now remains no reasonable excuse for further delay in their adjustment and payment, the government having already received millions of dollars from the sale of the lands acquired in the aforementioned cession from Virginia, on which said claims were and are subsisting equitable liens, and no reason now being offered for such delay by any, save that based upon the antiquity of such claims, a reason addressing itself only to a mind unwilling to perform an act of justice, and unworthy the regard of a high-minded and grateful nation and government; therefore,

Be it resolved by the People of the State of Illinois, represented in the General Assembly, That our senators in Congress be instructed, and our representatives requested, to use all proper exertions to secure the early adjustment and payment of all such claims as are comprehended within the terms of the foregoing preamble.

Resolved, That the Governor be respectfully requested to transmit to our senators and representatives in Congress, at as early a day as practicable, a copy of the foregoing preamble and resolution.

[No. VI.]

PREAMBLE AND RESOLUTIONS voting thanks to lieutenants Pope and Scarritt, for their gallant conduct at the battles of Monterey.

WHEREAS, we, as Americans, ever feel proud of the gallantry and bravery of our citizens wherever and whenever they have appeared in the field of battle contesting for our country; and whereas, we feel especially proud of the bravery and gallantry exhibited at the taking of the city of Monterey, in seeing among those who distinguished themselves as officers, brave, gallant, and scientific, the names of lieutenants John Pope and Mason Scarritt, both graduates of West Point, and natives of our own beloved State; therefore, be it

Resolved by the General Assembly of the State of Illinois, That the thanks of the citizens of this State are due unto lieutenants John Pope and Mason Scarritt, for their bravery and gallantry exhibited in the battles of the 21st, 22d, 23d, and 24th of September last, at the city of Monterey.

Resolved, That the brave and noble conduct of lieutenants John Pope and Mason Scarritt, in the battles of Monterey, gives us fully the power to assure our fellow citizens of Illinois that her sons, who have left their homes to fight the battles of their country, will well sustain the character of their native and adopted State.

[No. VII.]

PREAMBLE AND RESOLUTIONS relative to the Mexican war.

WHEREAS, the war now existing between the United States and the republic of Mexico has been brought on by the most unparalleled system of insult and aggression on the part of our enemy, who has not only repeatedly refused to fulfil treaty stipulations sacredly entered into for the indemnification of injuries sustained by American citizens, and insultingly rejected an accredited minister of the United States, who had been invited within her borders for the purpose of arranging boundary difficulties, but has on false assumptions, and grounds wholly untenable, entered our territory, and murdered our citizens, thus compelling our authorities to throw aside the amicable feelings entertained towards a neighbor, aiming to maintain a popular government similar to our own, and to resort to the last arbitration of nations in order to sustain our citizens in their rights, to drive from our boundaries an insolent invader, and to preserve from desecration the honor of our nation; and whereas, our government is so constituted that the prime source of all power is in the people, and that their sentiments and opinions expressed to the more remote authorities, through their immediate representatives, form the basis of all correct action on the part of our government, it becomes our duty as representatives of the people of a State that gave the strongest expression in favor of a measure which is made the ostensible cause of the hostile attitude of Mexico, to express our feelings in this important crisis of the war, and to lend to the administration a hearty co-operation; therefore, be it

Resolved by the General Assembly of Illinois, That we approve of the course pursued by the United States government in sending the "army of occupation" into our territory on the Rio Grande, when the intolerable braggadocio of the insolent Mexicans, and their concentration of forces for the invasion of our soil, rendered a war inevitable, and that this course alone could have preserved us from an invasion disgraceful to our national honor, and disastrous to our south-western frontier settlements.

Resolved, That the prompt and efficient manner in which the Congress of the United States, when the first sound of collision was heard in the capitol, stepped forward and voted to the commander-in-chief "the sinews of war," meets with our most cordial approbation, and that we have no hesitation in believing that the same spirit which led them to afford the means for opening the war with a brilliant train of victories, will urge them to vote supplies, to enable our gallant army to close hostilities speedily, and to cover itself with unfading laurels.

Resolved, That the rush of volunteers from every portion of our extended territory, in answer to the call of the President, evinces to the world the innate strength of our government, and the grandeur of its institutions, and must satisfy all, that a citizen soldiery, de-

fending their own homes and firesides, is a most efficient means of defence, and a wall of strength that cannot be broken down.

Resolved, That the gallant bearing of our army on the fields of Palo Alto and Resaca de la Palma, and before the battered walls of Monterey, calls for expressions of the warmest approbation, and that the feats of individual bravery and personal daring exhibited on these occasions by our regular forces, and enthusiastic volunteers, are not eclipsed by any achievements that adorn and brighten the pages of history.

Resolved, That we have the most unlimited confidence in the skill and gallantry of our navy, and from the able manner in which it has been brought to bear upon the defence of our commerce, and the prevention of hostile demonstrations by the enemy, we may be well assured that when called upon to act further, its operations will not be eclipsed even by the brilliant achievements of our victorious army.

Resolved, That great credit is due to the noble sons of Illinois, who, when the government called for troops for the Mexican war, hurried in crowds to the rescue of their country, and for four thousand called, offered more than twice that number, and we feel assured that in any further call for aid, the government will not find the people of Illinois hesitating or complaining, unless they may complain, as they have already done, that many of them are left behind.

Resolved, That we hereby instruct our senators, and recommend our representatives in Congress, to lend their support to the administration, by voting supplies of men, as well as money, for the most active prosecution of the existing war to a speedy and successful termination.

Resolved, That to evince the gratitude and good feeling of the country to the soldiers in the army, engaged in the Mexican war, and to those hereafter entering the military service of the government, a bounty in land of one hundred and sixty acres should be granted by the general government to each soldier as aforesaid; the said land to be selected out of any of the public lands subject to private entry.

Resolved, That three hundred and twenty acres of land should be granted by the general government to the representatives of each soldier dying in the service, or being killed in battle.

Resolved, That the members in Congress from the State of Illinois be respectfully requested to use their best exertions to carry into effect the above resolutions, and that the Governor furnish to each member in Congress from the State of Illinois a copy of said resolutions.

Resolved, That the thanks of the nation are due to general Zachary Taylor, the commander of the army of the Rio Grande, and all the officers and soldiers under his command, for their gallantry and skill in the conduct of the war, at the battles of Palo Alto and Resaca de la Palma, and to generals Taylor and Worth, and the officers and soldiers under their several commands, at the siege of Monterey.

Resolved, That we appreciate the patriotism and gallantry of the brave volunteers from this State, who are now in service in said war, and their faithful and unflinching performance of duty, under the most discouraging circumstances.

[No. VIII.]

PREAMBLE AND RESOLUTION relative to the geological, mineralogical, and agricultural resources of the State of Illinois.

WHEREAS, it is indisputable that for rich geological, mineralogical and agricultural resources, the State of Illinois is not surpassed by any State in the Union ; and whereas, it is of vital importance to the future interest and prosperity of our State, that her latent resources be fully known and developed ; and whereas, it has been represented that the persons named in the following resolution, in their deep interest in the prospective advantages to our State of such a demonstration to the world of her resources, are generously disposed to interest themselves in the advancement of such a result, free of charge ; therefore, be it

Resolved by the House of Representatives, the Senate concurring herein, That A. Randall, Charles Whittlesey, John S. Wright, H. S. Cooley, and Francis Springer, be, and they hereby are, appointed commissioners of the State of Illinois, to prepare and report to the Governor of the State of Illinois, on or before the first Monday in April, one thousand eight hundred and forty-eight, a statement of the propriety, advantages, &c., of a geological survey of this State : Provided, that no charge shall be made to this State for their services as said commissioners.

[No. IX.]

PREAMBLE AND RESOLUTIONS instructing senators, &c. in Congress, on the subject of the graduation or cession of the public lands.

WHEREAS, the present land system of the United States tends to retard the population and growth of the States in whose limits the public lands lie ; and whereas, the true policy of the federal government is to encourage the sale and settlement of the public lands thereof, whereby the national wealth will be increased, and national prosperity promoted ; and whereas, the present condition of things in this State loudly calls for the exertion of all the just powers conferred on the Legislature hereof, to place her in a better attitude, and to improve her financial condition ; and whereas, the reduction of the price of the public lands of the United States, lying within the constitutional boundaries of the State, would tend to increase the population, and, in a corresponding degree, the resources of the State, and thereby the means to pay the present large debt of the State ; therefore,

Resolved by the General Assembly of the State of Illinois, That our senators in Congress be instructed, and our representatives requested, to use their best endeavors to procure the passage of a law to

reduce the price of the public lands within the limits of the several States, or for the cession of the same to the States in whose boundaries they may respectively lie, as the one or the other measure shall be deemed more practicable at this time.

WHEREAS, the improvement of the Wabash river is of vital importance to the State, and more particularly to the citizens residing in the eastern section of Illinois ; and whereas, in our opinion the Wabash is one of the great navigable streams referred to in the ordinance of one thousand seven hundred and eighty-seven, whose navigable waters lead into the Mississippi, and is by nature intended by the said ordinance to be considered the common highway for all of our citizens ; therefore,

Be it resolved, That our senators in Congress be instructed, and our members requested, to use their endeavors, in conjunction with the members from Indiana, to procure the passage of a law giving land to the States of Indiana and Illinois, to be sold, and the proceeds laid out solely for the improvement of the navigation on said river, and for no other purpose.

Resolved by the General Assembly of the State of Illinois, That there be presented, in behalf of this State, a sword to lieutenant John Pope, as a testimonial of the high estimation in which are held his gallant conduct, noble bearing, and important services in the battle of Monterey, where he honored this, the land of his birth, and shed a lustre on the arms of his country, proving himself to be a soldier, brave and patriotic, and by carrying off the field, while exposed to the most imminent danger, amidst showers of balls, covering him with dust, a wounded fellow officer, to be a man, feeling and humane.

Resolved, That there be, also, presented a sword to lieutenant Mason Scarritt, as a testimonial of the high estimation in which are held his gallant and noble bearing in the same battle, where he honored this State, in which he was raised, and shed lustre on the arms of his country, proving himself to be a soldier both brave and patriotic.

PREAMBLE AND RESOLUTIONS relative to school lands.

WHEREAS, the Congress of the United States has granted to the State of Illinois the sixteenth section of each township, for the support of common schools; and whereas, in many cases, such lands are, in whole or in part, worthless and unproductive; and whereas, it is desirable to make the school fund of each township as productive as well for the present as any future generation of children; therefore, be it

RESOLUTIONS concerning pensions to persons employed in the ranging service.

WHEREAS, there are persons now living in this State who, in early life, and when our country was a wilderness, settled here, and encountered the dangers of the tomahawk and scalping-knife of the savage, together with the privations incident to the settlement of a new country, and who, when war was declared between this country and Great Britain, gallantly defended its interests, vindicated its rights, and endured hardships equal to those for which a Congress has provided pensions and other modes of relief; and whereas, the government of the United States has made no provision for those persons, or the families of those who lost their lives in that service, and as these fathers of their country, and its early pioneers, are fast sinking into their graves, unheeded and unprovided for by the government and country they have so faithfully and efficiently served; many of them, in consequence of exposure and hardships encountered in the service of their country, as well as on account of their advanced age, being unfitted to support and maintain themselves during their declining years; therefore, be it

Resolved by the General Assembly of the State of Illinois, That we deem it due to the persons employed in the ranging service of the United States, during the last war, that their names should be placed upon the pension lists of the United States, upon the same terms and doing as others to whom pensions have been granted by our national government.

Resolved by this General Assembly, That our senators in Congress be instructed, and our representatives be requested, to use their best exertions to procure the passage of an act of the Congress of the United States, for carrying into effect the provisions contemplated in the foregoing preamble and resolutions.

Resolved by the House of Representatives of the State of Illinois, the Senate concurring herein, That our senators in Congress be instructed, and our members requested, to vote for any proposition, constitutional and practicable, for raising men and money to carry on the war ; and that they aid, by every means in their power, any measure or proposition that in their opinion will nerve the arm of government to increased vigor in the prosecution of the same.

Resolved, That the Governor of this State forward a copy of this preamble and resolution to each of our senators and members in Congress, with all possible speed.

[No. XXII.]

On the first day of January, 1846, the interest on the school, college, and seminary funds amounted to \$51,371 23.

The amount appropriated to the deaf and dumb asylum at Jacksonville, for which warrants were issued upon the treasurer, is \$2,141 66; the remainder of said interest, \$49,229 57, was apportioned to the several counties. The 77th section of the school law, approved 26th February, 1845, requires the auditor to issue warrants upon the treasurer for the amount due to each county, and the 107th section of the revenue law, approved 30th March, 1845, requires him to certify the amount to the collectors.

In the midst of these conflicting laws, certificates were issued as required by the revenue law.

There have been sold for State indebtedness, from the first day of April, 1844, to the first day of December, 1846, of the State lands purchased by the board of commissioners, and selected by agents appointed by the Governor, as follows :

Of the lands charged to the Alton and Shelbyville railroad, 5,547.76 acres have not been valued; also, various town lots and fractional tracts of land.

One thousand nine hundred and twenty acres of land in the Chicago land district were selected in the year 1842, for seminary purposes, and were valued at \$4 00 per acre; 640 acres in the Danville land district, valued at \$5 00 per acre; and in 1838, 640 acres were selected in the Palestine land district, which have not been valued. I am of the opinion that the lands selected in the Chicago and Danville districts would sell at the valuation in State indebtedness, but could not be sold at that price in specie.

The warrants outstanding and unredeemed on the first day of December, 1844, and the warrants issued from the first day of December, 1844, to the 26th day of March, 1846, amounted to - \$279,956 50

The amount received from redemptions and sales of forfeited lands and town lots is much less than had been anticipated; a large portion of the property had been forfeited to the State in error, and in many counties the property was not offered for sale. The lists required by section 81, chapter 89, Revised Statutes, were not furnished to the clerks of the county commissioners' courts, except in a few cases. The original sale lists being on file in the clerks' offices, together with the impossibility of preparing the lists within the time allowed, induced the auditor to direct the clerks to sell from the sale books.

Clerks of the county commissioners' court are not required to furnish this office with an abstract of the sale of forfeited lands and town lots sold by them, nor to pay over the amount of State tax collected by them; neither does it authorize payment of accounts for publishing the notices of sales, as required by section 82 of the same law.

From the returns made to this office, I believe that at least one-half of the assessors do not complete the assessment of property during the period required by law. To remedy this I would suggest, that in large counties, assessors should be authorized to appoint assistants, subject to such control as may be thought fit, and that the clerks of the county commissioners' courts be required to enforce the law, if the books are not returned complete within the time specified.

The books of the assessors would answer for the collectors, equally as well as the copy made out by the clerk: this would save an annual expense of about \$3,500, and would give one month's more time to assessors to complete the assessment.

The copy of the assessment of forfeited lands and lots furnished to this office, as required by section 22, chapter 89, is useless and might be dispensed with.

I think that section 90, chapter 89, should be so amended as to require collectors to refund the taxes on lands sold in error, when they have been paid before sale, except in cases of double assessment, or when the property is not taxable.

So much of section 111 as requires the auditor to credit the collector with the amount of erroneous sales, appears to be unjust; for certainly he should not be entitled to the credit unless he refunds to the purchaser, and then only for the amount of the State tax.

There is no list furnished by the clerk of the county commissioners' court to the clerk of the circuit court, as intimated in section 112. The fees allowed for said list are claimed in some counties by the clerk of the circuit court, and in others by the collector; both of these officers perform sufficient labor to entitle them to the fees. In some counties collectors receive a commission of five per cent. on the first \$1,000 county tax; on others they only receive five per cent. on the county proportion of the first \$1,000, and three per cent. on the remainder. Hence this law operates unequally. Collectors for the years 1843 and '44 were allowed mileage for but one trip. Some of those who made regular payments, as required by law, retained the amount of mileage for both trips, leaving a balance of one trip against them. Believing that it would only subject the State to costs, I have not attempted to enforce the law.

Some modification in the last proviso in section 108 may be necessary. The failure of courts, and the mistakes of collectors, frequently prevent the latter from obtaining judgment against delinquent lands and town lots. In these cases the fees for the publication are neither collected nor paid.

Section 7th, chapter 89, relating to hawkers and pedlers, is very vague and unsatisfactory. There is no period limited when the license granted to them by the secretary of State shall expire.

The bonds of collectors should be filed in this office instead of the office of the secretary of State, as required by law.

All which is respectfully submitted.

Auditor of Public Accounts.

TREASURER'S REPORT.

REPORT
OF THE
TREASURER OF THE STATE OF ILLINOIS.

DECEMBER 12, 1846.

TREASURER'S OFFICE, ILLINOIS,
Springfield, December 7, 1846.

To the Honorable

The Speaker of the Senate :

SIR : In compliance with law, I have the honor to submit to the General Assembly the following report, exhibiting the condition of this department from the 30th day of November, 1844, to the 30th day of November, 1846.

It will be recollected that, by a special act of the General Assembly at its last session, the available funds then in the treasury were appropriated to the payment of the expenses of that session. Owing to the adoption of this salutary measure, the value of auditor's warrants was, at once, appreciated from seventy-five to ninety or ninety-five cents on the dollar. Had the limited amount of specie then in the treasury been paid out indiscriminately, on all warrants presented, it would immediately have been drawn out by speculators who had bought auditor's warrants at reduced prices. As a natural consequence, members and officers of the Legislature would have been compelled to sell the warrants received for their services, at whatever prices those same speculators were disposed to pay. Thus would brokers have been supplied from the treasury with the means of controlling the market, and fixing, in fact, the value of all services performed for the State. The depreciation of warrants to sixty or sixty-five cents to the dollar, would have been the inevitable consequence ; and the liabilities of the State for stationery and other articles purchased for its use would have been increased in a sum equal to the difference between specie and the depreciation.

Since the last session, auditor's warrants have maintained a value from eighty to one hundred cents on the dollar, and I am confident that the adoption of proper measures will place them at a higher average value for the succeeding than they have borne for the past two years.

Since my last report I have received from the commissioners of the school fund the sum of \$14,102 11, in part of the three per cent. fund due from the general government. It was my purpose, in compliance with the course I had previously pursued with respect to that fund, to make such a division of it as to apportion to each county its appropriate share for school purposes ; but the law relating to the payment of interest having been changed at the last session of the Legislature, the auditor now draws orders therefor upon the collectors of the

several counties in favor of school commissioners, for the amounts annually due from the State, instead of issuing warrants upon the treasury. This change put it effectually out of my power to carry out my original design respecting that fund, which was to apply it as far as possible to the purposes of education, feeling, as I do, that every preference consistent with the public good is due to an object so sacred and beneficial in its character.

The purchase of paper to be used in printing ten thousand copies of the Revised Statutes, as ordered by the Legislature at its last session, involved a considerable addition to ordinary disbursements. At the time of its purchase, warrants, owing to the large amount issued to pay the expenses of the session then closed; of the Mormon disturbances, &c.; were worth but eighty cents to the dollar. It was thought by the executive of the State to be conducive to its interest to apply the sum of \$4,000 00 of said fund to the purpose of paying for the paper so purchased. To have paid this sum by the sale of warrants at a discount of twenty per cent., would have required an issue of \$5,000 00; a loss to the State of \$1,000 00 in this item alone. This sum of \$4,000 00 was received from the executive (in behalf of the school commissioners of the State) in warrants drawn for the purchase of paper, instead of specie. For a like reason, and to spare the necessity of selling warrants at a sacrifice, as had been previously done, the sum of \$1,774 97, has been paid out of this fund, to discharge the postage bills of the public offices, and to purchase fuel for the present session. This leaves in the treasury the sum of \$8,327 14 of said fund, which has been withheld from the payment of ordinary warrants, and which is now at the disposal of the Legislature. These measures have been adopted from a strong conviction of the importance of maintaining the value of auditor's warrants at the highest possible rates, until such time as there shall be money in the treasury to meet *all* demands; which time, it is believed, is not far distant.

The liabilities of the State for the next two years, comprising warrants and school commissioners' orders now outstanding; expenses of the next two years, including the accruing interest on the school, college and seminary fund, to be paid to the counties, will not exceed the sum of \$365,000 00, basing the estimate upon the expenditures of the two past years.

To meet this estimated expenditure, there are, of arrearages due from collectors of 1845, and previous years; of revenue for 1846 and 1847, (after deducting expenses of collection;) of the funds now in the treasury, and the sums to be received from the United States government, on account of the three per cent. fund, sufficient reliable resources to make the gross sum of \$428,000 00, thus exhibiting a clear balance in favor of the treasury, of \$63,000 00. It is therefore evident that, should collectors be prompt in making their settlements at the treasury, there cannot fail to be funds in hand, when the revenue for 1846 is due, to pay all demands payable at this department.

The three per cent. fund now due from the general government, which can doubtless be realized before the adjournment of the Legislature, together with the sum now in the treasury, will amount to about \$25,000 00. If applied to that object, this sum will go far towards defraying the expenses of the present session, and have the effect of so preserving the credit of the State as to keep warrants at about par at this point. This would regulate their value elsewhere at about the same standard; and those now out would soon flow in through the channels of the revenue, without causing that serious embarrassment which would accompany their depreciation.

But if the means now at the disposal of the Legislature are applied to the payment of warrants in general, or of any demands other than those growing out of the present session, a depreciation in the value of warrants would be pro-

duced at this point, accompanied by a corresponding reduction elsewhere. For it is but reasonable to suppose, that the payment of these available means on any warrants that may be outstanding, will cause those in the hands of speculators to be immediately presented. Thus would this class of persons have it in their power to purchase of the officers and members of the Legislature, their warrants, at whatever price their interest or caprice might dictate. It is, therefore, believed to be in accordance with considerations of sound policy, and for the best interests of the State, to apply the available means at the disposal of the Legislature to the payment of the expenses of the present session.

By reference to the accompanying exhibits it will be seen that there has been paid into the treasury, on account of the "interest fund," devoted by law to the partial payment of interest on the State debt, the sum of \$62,024 33, of which the sum of \$62,000 00 has been drawn out by the Governor, to be applied to the object contemplated; leaving a balance in the treasury to the credit of that fund of \$24 33.

The improvement which has taken place in the credit and financial condition of the State for the past two years, is a subject for sincere congratulation, and affords abundant evidence not only of the increasingly prosperous position of the State itself, but that the same blessings are diffused amongst all its people. With such encouragements we may hope for the speedy arrival of the time when the State will be freed from her embarrassments, and her citizens from those misfortunes which are always consequent upon a derangement of public affairs.

Very respectfully, yours, &c.,

M. CARPENTER, *Treasurer.*
